Your watch

ULTRA-SLIM HALF-HUNTER, DATE AND SECONDS, SELF-WINDING

Calibre 1150, up to 100-hour autonomy.

6624

OPERATING INSTRUCTIONS

The crown has three distinct positions:

Position A, crown in manual-winding position.

Position B, crown pulled out for fast date adjustment.

Position C, crown pulled out to time-setting position, enabling adjustment of the hours and minutes.

In this position, one can lock the seconds hand by turning the crown slightly backwards, thus enabling it to be synchronised with a time signal.

Push the crown back in to position A once the the time has been set.

TRIPLE-BLADE FOLDING CLASP (WITH PRONG)

Only Blancpain wristbands specially designed for this folding clasp should be used. For your safety and comfort, we advise you to have your new clasp fitted by an authorised Blancpain retailer. You can always then adjust the length of the wristband yourself.

Opening:

To open the fastening, place one finger on each side of the clasp and pull it upwards (Fig. 1). Proceed in the same manner to open the other blade (Fig. 2).

Fig. 1

Fig. 2

Closing:

Slip your Blancpain watch on your wrist and close the folding blades as indicated on figures 3 and 4.

Fig. 3

Fig. 4

Adjusting the wristband:

Slide the section of the wristband into the clasp and insert the prong into the desired hole (Fig. 5). Move the prong to another hole if necessary.
